Pricing

Following is an accessories price list and a brief description with pricing for our Lifeline Audio Video Technologies Patriot Desktop Amplification System. Prices are subject to change without notice.

Discounts

Lifeline Audio Video Technologies offers a \$50 discount per system if you order six or more systems at one time (mix and match systems if you wish.)

Terms

Net 30 days on all orders. 1.5% interest will be billed to accounts past due more than 30 days.

Freight

All systems have a freight charge, as designated on the system description page, if shipped in continental US (please call for freight charges to Alaska and Hawaii). Accessory order freight charges depend on quantity and size of the order. All products are shipped via Federal Express ground unless otherwise requested. Special shipping instructions (next day air, second day, etc.) can be provided. Customers will be charged the difference between the special shipping charge and ground transportation.

Ordering

When ordering product include purchase order number, ship to and bill to address, contact person and phone number, along with product number and description. Orders may be faxed to 608-348-7918. Most orders will be filled within 48 hours of receiving your purchase Order. In certain instances, products may be on backorder, however Lifeline Audio Video Technologies strives for a 100 percent fill rate. If you need an order by a specific date please include this on your order.

Warranty

All main components (amplifier, speakers, transmitter, receivers, etc.) carry a 5-year warranty. All accessories carry a 1 year warranty.

Lifeline Audio Video Technologies will repair and/or replace, at our option, any unit that does not function properly within the warranty time period. Units under warranty needing repair work or replacement should be returned to Lifeline Audio Video Technologies freight prepaid. All units under warranty will be returned (freight prepaid) to the customer. Product misuse, neglect, or abuse is not covered under warranty terms.
